1.5.5.4. A copy of the new joint venture contract or the amendment to the existing joint venture contract, with the relevant amendments that comply with the requirements set out in the Procurement Documents and applicable to the joint venture contract, has been received.

1.6. Quality Requirements for the Services

1.6.1. The Supplier warrants that, at the time of handover and acceptance of the Services (the result thereof) or any part thereof, the Services will comply with the requirements set out in the Contract, will have been provided in a high-quality manner, and will be free from any deficiencies that would nullify or impair the value of the Services or the suitability of the result for ordinary use.

1.6.2. Unless the Contract specifies quality conditions, the quality of the Services provided by the Supplier must comply with the requirements normally applicable to this type of service.

1.7. Suspension

1.7.1. The Parties shall have the right to suspend the performance of their obligations in the cases and in accordance with the procedures set out in the Contract and the Civil Code of the Republic of Lithuania.

1.8.1. The Services (or any part thereof) shall be accepted by the Parties by signing a Certificate drafted and delivered to the Buyer by the Supplier. One copy of the Certificate signed by the Parties shall be given to the Buyer. If material deficiencies are found in the Services (or any part thereof) at the time of acceptance, the Buyer shall return the Certificate with the material deficiencies specified therein to the Supplier and shall exercise the rights set out in paragraph 1.8.3 of this Section. In the event of non-substantial deficiencies, the deficiencies shall be specified in the Certificate, with a time limit(s) for the rectification of such deficiencies, and the Certificate shall be signed by the Parties. Such a signed Certificate shall be the basis for the invoice and payment.

1.8.2. Acceptance of the Services shall not be deemed to be an unconditional confirmation by the Buyer that the Services comply with the requirements of the Contract and shall not exclude the Buyer's right to require the rectification of any deficiencies at a later date, provided that such deficiencies were not reasonably noticeable at the time of handover and acceptance of the Services. The Buyer shall have the right to require the Supplier to rectify any deficiencies identified for a period of 1 (one) year after acceptance of the Services.

1.8.3. In the event of deficiencies, the Buyer shall be entitled, at its choice, to require the Supplier:

1.8.3.1. To remedy the deficiencies free of charge within a reasonable period specified by the Buyer;

1.8.3.2. To reimburse the costs of assessing and rectifying the deficiencies after the Buyer has rectified the deficiencies itself or with the help of third parties.

1.8.4. The Supplier undertakes to remedy any deficiencies without delay and to inform the Buyer of any circumstances affecting or likely to affect the proper performance of the Contract. The time limit for remedying the deficiencies shall not constitute grounds for extending the time limit for the provision of the Services and shall not exclude the Buyer's right to impose liability on the Supplier for failure to perform the Contract in time. Once all deficiencies have been remedied, the handover and acceptance of the Services (or part thereof) as set out in paragraph 1.8.1 of this Section

shall take place. This paragraph shall apply if the Buyer exercises the right set out in paragraph 1.8.3.1 of the General Conditions of the Contract.

2. PRICE AND PAYMENT

2.1. Contract Price, Conversion and Change of the Price (Rates)

2.1.1. The Contract Price shall include all taxes and all costs associated with the performance of the Contract, unless the Contract expressly provides that certain costs will be paid (reimbursed) separately to the Supplier.

2.1.2. The Parties agree that VAT shall be calculated in accordance with legislation in force at the time of invoicing.

2.1.3. If the Special Conditions of the Contract provide for the application of price (rates) conversions, either party to the Contract shall have the right during the term of the Contract to initiate, at the frequency provided for in the Special Conditions of the Contract, a conversion of the price (rates) provided for in the Contract. For the purpose of the conversion, the Parties shall be guided by the [data of the Indicators Database](#) published by Statistics Lithuania (State Data Agency) on the Official Statistics Portal, without requiring the other Party to submit an official document or confirmation issued by Statistics Lithuania (State Data Agency) or any other institution. In the event that more than 6 (six) months have elapsed between the submission of the (final) tender and the date of the possible conclusion of the Contract, the conversion of the price (rates) provided for in the Contract may be carried out on the date of conclusion of the Contract. The next conversion of the price (rates) provided for in the Contract may be made no earlier and no more frequently than provided for in the Special Conditions of the Contract.

2.1.4. The converted price (rates) shall apply to orders placed after the Parties enter into an agreement on the conversion of the price (rates). The conversion of the Contract price (rates) shall only apply to that part of the Contract which has not been redeemed, i.e. to the Services which have not been accepted and paid for. In the event of delays in the provision of the Services due to the Supplier's fault, the price (rates) of the delayed Services shall not be converted as a result of any price level increase (they may not be increased). The new price (rates) shall be calculated according to the following formula:

$$a_1 = a + \left(\frac{k}{100} \times a \div 2 \right), \text{ where:}$$

a – the rate (EUR excluding VAT) (if it has already been converted, then the rate after the last conversion shall be included),

a_1 – converted (changed) rate (EUR excluding VAT),

k – the percentage change (increase or decrease) in the prices of Consumer Goods and Services calculated on the basis of the Consumer Price Index (as specified in the Special Conditions of the Contract).

2.1.5. The k value shall be calculated according to the formula:

$$k = \frac{Ind_{naujausias}}{Ind_{pradzia}} \times 100 - 100, (\%) \text{ where:}$$

Ind_{newest} – the latest index of Consumer Goods and Services published on the date of sending the request for a price conversion to the other party,

$Ind_{initial}$ – the index of Consumer Goods and Services as at the start date (month) of the period (specified in the Special Conditions of the Contract). In the case of the first conversion, the start (month) of the period shall be the month of the date of conclusion of the Contract. In the case of the second and subsequent conversions, the start (month) of the period shall be the month of the value of the published relevant index used at the time of the last conversion.

2.1.6. For the calculations, the index values used shall be specified to four decimal places. The calculated change (k) shall be used for further calculations rounded to one decimal place, and the calculated rate a shall be rounded to two decimal places.

2.1.7. A subsequent conversion of prices or rates may not cover a period for which a conversion has already been performed.

2.2. Payment

2.2.1. The electronic invoice (including, if applicable, the advance electronic invoice) and the documents related to the payment shall be submitted by the means chosen by the Supplier: the Supplier may submit an electronic invoice complying with the requirements of the EU Directive 2014/55, or submit an electronic invoice in a different format using the information system E-invoice („SABIS“) administered by State Enterprise Centre of Registers.

2.2.2. The time of issuing the invoice:

2.2.2.1. In the case of recurring monthly payments, the invoice for the previous month must be submitted no later than on the 2nd working day of the current month.

2.2.2.2. In the case of individual orders, partial or one-off purchases of the Services, the invoice shall be submitted no later than 2 (two) working days after the date of signature of the Certificate for the Services.

2.2.2.3. The Special Conditions of the Contract may contain other conditions for invoicing.

2.2.3. The Buyer shall pay the invoice submitted in accordance with the Contract within the time limit set out in the Special Conditions of the Contract. In the event of failure by the Buyer to make the payment on time when the invoice is submitted in accordance with paragraph 2.2.1. of the General Conditions of the Contract and the right to withhold payment as set out in the Contract does not apply, the Supplier shall charge the Buyer a default interest of 0.02 (zero point zero two percent) of the amount not paid on time for each day of delay.

2.2.4. The Buyer shall have the right to withhold sums due to the Supplier under the Contract in the event of any deficiencies in the Services or any failure to perform other contractual obligations. The Buyer shall be entitled to exercise the right of retention referred to in this paragraph only to the extent necessary to ensure the satisfaction of reasonable claims.

2.2.5. At the time of payment, the amount due as shown on the invoice submitted by the Supplier will be reduced by the amount of penalties (fines and default interest). The Buyer shall be entitled to deduct compensation for damages incurred or to be incurred at any time from any sums payable to the Supplier under the Contract by notifying the Supplier in writing and obtaining the Supplier's confirmation of the amount of the Buyer's damages, or any part thereof. In the absence of (or insufficiency of) amounts payable to the Supplier under the Contract, the Supplier shall be obliged to pay penalties/compensation for damages within 30 (thirty) days of receipt of the Buyer's notification of the amounts payable, unless otherwise provided for in the Special Conditions of the Contract. The Buyer shall be entitled to use the contract performance security (if any) provided by the Supplier.

2.2.6. If, under the legislation of the Republic of Lithuania, the Supplier's remuneration for services rendered is recognised as income received by the Supplier outside of its permanent establishment, and the source of the income is the Republic of Lithuania, the Buyer shall deduct the withholding tax from the amount of the payment to be made to the Supplier.

3. LIABILITY

3.1. Damages and Penalties

3.1.1. Penalties (fines and default interest) provided for in the Contract shall be deemed to be the minimum pre-established damages incurred by the Parties as a result of the breach by the other Party of the relevant term of the Contract, the amount of which the affected Party does not need to prove. The payment of penalties shall not preclude the affected Party from claiming compensation for damages not covered by the penalty and shall not relieve the Party that has paid the penalty of its contractual obligations.

3.1.2. In the event of non-performance or improper performance of the contractual obligations by the Parties, the penalties provided for in the General and/or Special Conditions of the Contract shall apply.

3.1.3. Penalties shall be paid and damages shall be compensated in accordance with Section 2.2 of the General Conditions of the Contract.

3.2. Limitation of Liability

3.2.1. Under the Contract, the Parties shall be liable only for direct damages suffered by the other Party and shall not be liable for indirect damages, including damages for loss of profits, loss of savings or loss of business opportunity.

3.2.2. Any direct damages shall be limited to the amount of the Initial Value of the Contract, but not less than EUR 3,000 (three thousand euro) (if the Initial Value of the Contract does not exceed EUR 3,000 (three thousand euro)).

3.2.3. The total amount of penalties imposed on a Party under the Contract shall be limited to an amount equal to 20% (twenty percent) of the Initial Value of the Contract; if the Initial Value of the Contract does not exceed the amount of EUR 3,000 (three thousand euro), the amount shall not exceed EUR 1,500 (one thousand five hundred euro).

3.2.4. The limitation of liability provisions of the Contract shall not apply to damage caused by intent or gross negligence. The limitation of liability referred to in the Contract shall not apply in the case of damage caused by breach of confidentiality obligations, infringement of protection of personal data or intellectual property rights.

3.3. Exemption from Liability

3.3.1. A Party shall not be held liable for any failure to fulfil any of its obligations under the Contract if it proves that such failure was due to circumstances beyond its reasonable control, that the failure could not reasonably have been foreseen at the time of the conclusion of the Contract, and that the Party could not have prevented the occurrence of the circumstances or their consequences, and it did not assume the risk of such circumstances ("Force Majeure").

3.3.2. The Parties understand Force Majeure as regulated by Article 6.212 of the Civil Code of the Republic of Lithuania and Resolution No. 840 of 15 July 1996 of the Government of the Republic of Lithuania "On the Exemption from Liability in the Event of Force Majeure".

3.3.3. A Party shall not be relieved of liability if its failure to fulfil its obligations has been affected by decisions, acts or omissions of itself, its subcontractors, entities directly or indirectly owned or controlled by that Party, and their employees (including strikes), governing bodies, or members thereof.

3.3.4. The Party shall notify the other Party of Force Majeure and their impact on the performance of the Contract and on the deadlines immediately, but no later than within 5 (five) working days of their occurrence or becoming apparent, providing evidence of the existence of the above-mentioned circumstances. Failure to give timely notice shall mean that the circumstances had not affected the performance of the Contract until such notice was given.

3.3.5. In the event of Force Majeure, the Party shall take all reasonable measures to mitigate any damage and to minimise its impact on the deadlines for the performance of the Contract.

3.3.6. The grounds for exempting a Party from liability shall only arise during the existence of these circumstances and, once they have been removed, the Party must immediately resume fulfilment of its contractual obligations.

3.3.7. At the Supplier's reasoned request, penalties (or part thereof) shall not apply where the delay in performance of the obligation(s) is due to circumstances beyond the Supplier's control.

3.4. Contract Performance Security

3.4.1. The Buyer shall have the right to require the Supplier to provide a bank guarantee or a letter of surety from an insurance company to ensure the proper performance of the Contract. The contract performance security (if required) shall comply with the conditions set out in the Special Conditions of the Contract and shall be provided in accordance with the procedures set out therein.

4. CONTRACT

4.1. Validity of the Contract

4.1.1. The Contract shall enter into force from the moment it is signed by the last signatory (or, where the Special Conditions of the Contract provide for additional conditions of entry into force, from the moment these conditions are fulfilled) and shall remain in force until the Parties have fully performed their contractual obligations or the Contract has been terminated (or has become invalid). Liability, confidentiality, data protection, intellectual property, dispatch and receipt of notices, language, dispute resolution and other terms which by their nature are intended to survive the completion or termination (or invalidity) of the Contract shall survive such completion or termination (or invalidity).

4.1.2. If any provision of the Contract is or becomes invalid, in whole or in part, by reason of its conflict with applicable legislation or for any other reason, the remaining provisions of the Contract shall remain in full force and effect. In this case, the Parties will negotiate in good faith and seek to replace the invalid provision with another lawful and valid provision which, to the extent possible, achieves the same legal and economic result as the provision of the Contract to be so replaced.

4.1.3. If the Special Terms of the Contract provide for an extension of the Contract and all conditions relating to the extension of the Contract have been fulfilled, the Contract shall be automatically extended for the minimum period provided for, unless either Party gives notice of termination of the Contract at least 30 (thirty) days prior to the expiry of the term of the Contract.

4.2. Amendment of the Contract

4.2.1. The Contract may be amended by written agreement of the Parties in accordance with the conditions and procedures set out in the Contract. The Contract may also be amended in cases not provided for therein, provided that such amendments do not conflict with the provisions of Article 97 of the Law on Procurement.

4.2.2. The deadline for provision of the Services may be extended in the following circumstances:

4.2.2.1. Adverse weather conditions that make it impossible to provide the Services (or any part thereof): heavy rainfall, flooding, dense fog, squally winds, heavy snow, blizzards, etc. This option shall only apply to the part of the Services that are subject to natural conditions for their quality and/or provision;

4.2.2.2. Acts or omissions by the Buyer that prevent the proper and timely performance of the Supplier's obligations under the Contract, including delays by the Buyer in appointing specialists responsible for the performance of its obligations under the Contract, or the non-performance or improper performance of the Buyer's other obligations under the Contract;

4.2.2.3. Failure to perform any function assigned to a state or municipal authority, body, office or organisation, or other entity by law, within a set (or reasonable) time limit;

4.2.2.4. Protracted procurement procedures which make it impossible or excessively difficult to commence and/or complete the provision of the Services within the prescribed time limit;

4.2.2.5. Delays, impediments or interferences beyond the Supplier's control and caused by and attributable to third parties (e.g., improper performance of another contract of the Buyer, the performance of which has a direct impact on the Supplier's performance of the Contract);

4.2.2.6. Other cases (if any) provided for in the Special Conditions of the Contract.

4.2.3. The time limit for the fulfilment of the contractual obligations may be extended for a period not exceeding the duration of the specific circumstance as provided for in paragraph 4.2.2 of the General Conditions of the Contract. The Supplier shall in all cases seek to minimise the impact of the circumstances and shall justify in the request for extension the existence of the relevant conditions and their impact on the time limits for the provision of the Services (or part thereof), as well as the fact that these conditions are due to causes beyond the Supplier's control. Any extension of the time limit for the provision of the Services shall be agreed in writing by the Parties and shall form an integral part of the Contract.

4.3. Termination of the Contract

4.3.1. The Contract may be terminated in the cases provided for in Article 98 of the Law on Procurement and in the Contract, including the possibility to terminate the Contract by agreement of the Parties.

4.3.2. Either Party shall have the right to terminate the Contract unilaterally by giving a written notice to the other Party at least ten (10) days in advance if:

4.3.2.1. The other Party enters into bankruptcy, restructuring or liquidation proceedings, becomes insolvent or ceases its business activities, or a similar situation arises under any other law;

4.3.2.2. The performance of the Contract is suspended for more than 120 (one hundred and twenty) days due to Force Majeure;

4.3.2.3. The amount of penalties payable to the other Party exceeds 20% (twenty percent) of the Initial Value of the Contract; if the Initial Value of the Contract does not exceed the sum of EUR 3,000 (three thousand euro), the amount of penalties shall be EUR 1,500 (one thousand five hundred euro).

- 4.3.2.4. The other Party, through its own fault, is unable and/or refuses to perform its contractual obligations, or any part thereof, irrespective of the value of such part;
- 4.3.2.5. If, at the Party's request, the other Party fails to provide evidence to rebut the circumstances that may lead to the termination of this Contract;
- 4.3.2.6. The other Party violates the provisions of the Contract governing the protection of personal data, intellectual property or the management of confidential information;
- 4.3.3. The Buyer shall have the right to terminate the Contract unilaterally by giving the Supplier a notice at least ten (10) days in advance:
- 4.3.3.1. If the Supplier assigns the rights and obligations arising from the Contract to third parties without the Buyer's written consent;
- 4.3.3.2. If the Supplier fails to comply with the requirements set out in paragraph 1.4.2 of the General Conditions of the Contract;
- 4.3.3.3. If the Supplier commits a material breach of the Contract;
- 4.3.3.4. If the Buyer receives an instruction/recommendation to terminate the Contract from the authorities involved in procurement management;
- 4.3.3.5. if it turns out that other transactions concluded or to be concluded with the Supplier are not in the interests of national security.
- 4.3.4. The Parties shall also have the right to terminate the Contract in other cases specified in the General Conditions and in the Special Conditions of the Contract, as well as in the cases specified in Articles 6.217 and 6.721 of the Civil Code of the Republic of Lithuania;
- 4.3.5. Where a Party remedies the breach or the circumstances giving rise to the start of the termination procedure of the Contract have ceased to exist, the Contract shall not be terminated and the termination notice shall cease to have effect if the Party that remedied the breach informs the other Party accordingly.
