

Heinemann ENT unit MODULA Configurator 2025			
Article description	Qty	REF	
MODULA Series -M/ -L			
MODULA Europa, Standard: - High quality electrolytic zincplated steel cabinet - Stoved enamel powder coating in 22 colours - Mobile unit with stainless steel base, antistatic heavy-duty castors - Electronic operating and display system: robust, user-friendly glass control panel with touch-sensitive function keys - Instrument holder for irrigation, compressed air and suction handles - Integrated rapid mirror warmer, with fan - max. 4 drawers, fully extending with soft close system - 3 quivers for used rigid endoscopes with protective silicone adapter - 2 instrument levels with stainless steel instrument trays - Melamine instrument tray for used instruments with silicone insert - Indirect illumination for instrument levels - Waste bin, opening with foot pedal (self-closing) - Acrylic glass instrument cover, sinkable behind the cabinet - Pull-out writing/preparation desk with stainless steel surface	1	0100-30000	
"Sekretomatik": vacuum pump (oil-free, capacity 40 l/min at -0.85 bar), automatic emptying of suction bottle (2 l) with rinsing system connected to drainage system, vibration-free bracket for vacuum pump, automatic turning on/off when suction tube is picked up, antibacterial suction tube with quick connector, including syphon pump (water supply connection necessary)	1	0120-10000	
Separate suction tube for the adaptation of spit bowl/ear rinsing bowl with automatic turning on/off when suction tube is picked up	1	0120-10500	
Vacuum regulator for adjustment of suction performance	1	0120-50000	
Increased suction capacity 60 l/min	1	0120-20010	
Tube rinsing system for automatic cleaning of the suction tube with system water pressure (only in combination with REF: 0120-10000)	1	0120-30000	
Overflow virus filter for suction system (10 pcs.)	3	0120-50360	
37°C ear rinsing system with continuous flow heating connected to water supply: digital temperature display, rinsing handle with 80 mm cannula, disposable water filter, antibacterial handle tube with quick connector incl. Aquastop valve and connection tubes (water purification filter additionally required)	1	0130-10000	
Ear rinsing bowl, adaptable to suction tube connected to drainage system	1	0130-50000	
Compressed air unit: Compressor (oil-free, 12 l/min, max. 2.5 bar) stainless steel pressure container, chrome-plated compressed air handle, antibacterial handle tube with quick connector, incl. 3 drug glass nebulisers and stainless steel holder for spray bottles	1	0140-10000	
Compressed air control valve for fine dosing (required for Politzer maneuver or use on children)	1	0140-50000	
Plastic Politzer olives, 1 set with three different sizes (small, medium, large)	1	0140-21300	
Automatic switching for the light sources (for max. 3 pcs.)	1	0150-20030	
1 cold light source, LED (corresponds to a 150 W halogen lamp), heat protection filter, Storz connection, intensity regulation, lifespan approx. 30,000 hours	1	0150-10500	
Endoscope quiver 5 mm (for sinusopes, max. Ø 4 mm)	1	0150-50100	
Endoscope quiver 12 mm (for laryngoscopes, max. Ø 11 mm)	1	0150-50110	
3x stainless steel quiver for flexible endoscopes with holder, ver. 1 (mounted on the console)	1	0150-51000	
Disinfection quiver for fibroscope	1	0150-51010	
Storage quiver for used endoscopes	2	0150-50250	

ENT Treatment Chair Medseat 2.2 - electromechanical height adjustment 300 mm, foot switch - adjustment of back rest from +9° to -90° by infinitely adjustable safety gas spring, adjusting lever on both sides, synchronous movement of the backrest and legrest, with footrest folding to the front - arm rests of integral foam, tiltable 100° backwards for easy entry from the side. Arm rests move synchronously with back rest to a flat position - upper part can be turned by 330° and fixed in every position - diameter of the base 70 cm - headrest Ergo	1	553-4636100	
Work stool 3.1, 46-58 cm	1	553-4128205	
Rigid endoscope 0°, Ø 2,8 mm, 175 mm, STORZ-connector	1	78770-SS28A	
Naso-Pharyngo-Laryngoscope / NL=300 mm, Ø 3.2 mm, up/down 160°/160°	1	78770-FNS3200	
USB Full HD endoscopy camera with LED light source and direct USB connection to PC or Laptop, resolution 1920 x 1080 incl. Software and 18 mm TV-Adapter	1	78770-1000	
Wireless Keyboard and Mouse	1	77660-2006723	
Medical Panel PC/ ACL 21,5 " Panel PC	1	M-900-00300-0520	
System Trolley	1	M-900-90000-0002
