

ENVIRONMENTAL (GREEN) CRITERIA

Item No.	Requirement
1.	The procurement shall be carried out in accordance with point 4.4.4.3 of Order No D1-508 of the Minister of Environment of the Republic of Lithuania of 28 June 2011 "On the approval of the Description of the procedure for the application of environmental protection criteria in the context of green procurement" (as amended by Order No D1-401 of 13 December 2022), stating that the use of hazardous chemicals in the production of goods, services or works shall be minimised or eliminated, and shall be without environmental pollution and health risks.
